

To the Occupier

April 2024

Dear Sir/Madam

### West Midlands Interchange Development – A5 Overnight Road Closure

As part of the development for the West Midlands Interchange (WMI), we will be installing safety netting across a section of the A5. This is to protect the overhead power cables whilst works are being undertaken on the cables and adjacent pylon towers.

To ensure the safety of both the public and our workers, we will be closing the A5 between the M6 J12 interchange to the A5 / A449 Gailey Roundabout.

Residential and business access will still be permitted, however there will be no access through the works area (except for emergency services) between Gailey Canal Bridge and Harrisons Lane.

The closures will take place overnight from **8pm to 6am** on the following dates. Please note that the backup dates will only take place if the work was not completed the night before:

- **Friday 10 May to Saturday 11 May**
- **Saturday 11 May to Sunday 12 May** (back up date for Fri 10 May)
- **Wednesday 22 May to Thursday 23 May**
- **Thursday 23 May to Friday 24 May** (back up date for Wed 22 May)

Residents and businesses wishing to access the A5 during the closure will need to use the diversion routes below.

- West of Gailey Bridge will travel via the A5/A449 Gailey Roundabout
- East of Harrisons Lane will travel via the M6 J12

Please be aware that you may see our workforce on site up to one hour before and one hour after these times to set up and secure our equipment.

No local diversion will be signed as requested by Staffordshire County Council. A map of the diversion route can be found below.

To keep up to date on the progress of West Midlands Interchange please follow our Facebook page and sign up to our newsletter at [www.westmidlandsinterchange.co.uk](http://www.westmidlandsinterchange.co.uk).

**Contact us**

We thank you for your patience and apologise for any disturbance these works may cause.
